Product Description

Advanced 808 Laser Hair Removal Machine With 15-Inch Touch Screen

Product Description:

The device boasts a user-friendly Display: 15-inch Touch Screen, which makes it easy to operate. You can customize the settings according to your hair type and skin tone. The device's Pulse Duration: 10-400 Ms feature ensures that the laser targets the hair follicles effectively, providing long-lasting results.

With the Package Size: 75*54*54cm³, this machine is compact and easy to store. You can use it in the comfort of your home or take it with you on your travels.

The machine's Power: 1200W is powerful enough to remove even the thickest hair. The device's Safety Features: Skin Contact Cooling, Automatic Power Cut-off, ensures that the machine is safe to use. The skin contact cooling feature protects your skin from burns, while the automatic power cut-off feature prevents the device from overheating.
